

Our big sister Tori loved listening to music and writing lyrics for songs and we would like to share one of them she has written. It has a special meaning today. We hope to someday have music for it but it is just as beautiful without it. The song is called:

FROM LOSING YOU...

Please take me away,
Tell me something I don't know,
Give me a surprise,
Hold me tight and don't let go,
You're everything I want,
But I am nothing to you though.

So my heart, it aches,
It cries and cries for you,
And with every breath I take,
I feel something I never knew,
And it's the only thing that I got,
From losing you.

Won't you take my hand?
Lead me far away from here,
Tell me you love me please,
Promise that you won't disappear,
Please come back to me now,
Without you, nothing is clear.

So my heart, it aches,
It cries and cries for you,
And with every breath I take,
I feel something I never knew,
And it's the only thing that I got,
From losing you.

Yeah, it's the only thing that I got,
From losing, youuuu...

With every day that passes by,
I cry a million tears over you,
This kind of pain, I never knew,
But it fills me now, every day,
I can't believe that I lost you.

So my heart, it aches, (It aches),
It cries and cries for you, (cries and cries),
And with every breathe that I take,
I feel something I never knew, (something I never knew),
I feel something that I never knew,
And it's the only thing I got,
From losing you...

Tori we miss you and love you so much and you will forever live in our hearts. Thank you for being our big sister and we know you will always be watching over us.
